

## A Winter Break that Echoes through Eternity

1 winter break + 65,000 college students + willingness to live for God + God = **lives changed for eternity and 3.3 million dollars raised to bring the gospel and freedom to sex slaves.**

Each year we send a group of students to both the Passion Conference in Atlanta, put on by Louie Giglio, John Piper, Beth Moore and others as well as the Denver Christmas Conference (DCC), just a couple blocks from our campus where we partner with CRU to staff the conference. This year each of the three Master Plan campuses brought double the amount of students to the Denver Christmas conference than last year.

One of the outreaches at DCC was having students get online to invite their Facebook friends to take a spiritual interest survey (see top photo) as a way to get into evangelistic conversations. Ashleigh's mom filled out the survey and started texting Ashleigh questions about God late into the night. That night Ashleigh got to lead her mom to Christ. They are now reading through discipleship material together daily.

Not only did the Lord also do awesome things in our students lives but also their hearts. Here are some decisions our students made at the conferences.

- *"To pray for my husband and I to move to Athens for a STINT, (one year missions trip) for God to take control of our marriage and not our own strength." Byanka*
- *"I have decided for sure that I am going to join staff with CRU full-time when I graduate in May '14" Kristen*
- *"I made the decision to pursue going to Papua New Guinea this summer with Master Plan ." Luwam*

After a great break of conferences and time with family, we are back in full swing on campus. We've already got to share the gospel with a lot of students. **Please pray specifically for Breanna, who is very close to submitting her life to Christ. Please also pray for our student leaders (Jake, Billy, Zach, Nick, Tina, Ashleigh, Marietta, Kristen, Emma, Precious, Kensey and Kaylee)** as they are taking initiative every week to meet new students in hopes of sharing the gospel with them and preparing them to reach and influence the world for Christ.
